Mr. Berman, along with Mr. Schiffrin, serves as lead counsel in this action in which certain former officers of the Company are alleged to have stolen hundreds of millions of dollars. They negotiated a complex settlement with the Company, which provided for the successful reorganization of the Company and which provided the class with the majority of the equity in the new company. In addition, the settlement established a litigation trust in which all claims owned by the class as well those owned by the Company were assigned for purposes of recovering the substantial losses incurred by the shareholders. The firm and co-counsel are litigating in the Isle of Man and were successful in freezing \$175 million of funds stolen by insiders. Schiffrin & Barroway also continues to litigate other claims against the Company's directors and officers, outside auditor and attorneys.

- *In re NetSolve Incorporated Securities Litig.*, C. A. No. A00-CA-591 SS (W.D. Tex. 2000):

Schiffrin & Barroway serves as Co-Lead Counsel in a case involving securities fraud by NetSolve and certain of its officers and directors. Claims were brought against these defendants as a result of material misrepresentations and omissions regarding the Company's customer service problems and declining sales to one of its largest customers. The firm successfully litigated this action which settled for \$2.75 million, an amount approved by the Court for the benefit of class members.

- *In re Acrodyne Communications, Inc. Securities Litig.*, C. A. No. L-00-CV-2490 (D. Md. 2000):

Schiffirin & Barroway served as Lead Counsel in a case involving securities fraud by Acrodyne and certain of its officers and directors. Claims were brought against these defendants for material misrepresentations and omissions regarding the Company's inventory, and as a result, the Company's profits. In light of the Company's precarious financial position, the firm was able to craft a settlement of \$750,000 in cash plus interest, and 1.6 million warrants to purchase 1.6 million shares of the Company's common stock. This settlement, approved by the Court, creatively established a structure by which the Company could avoid bankruptcy and, at the same time, provided the Class with potential future benefits.
